The changes allows off-road utility vehicles to be operated under the same conditions that currently apply to all-terrain vehicles under Code Section 321.234A. Code Section 321I.1, subsection 16, defines an off-road utility vehicle as one that has four to eight low pressure tires, has limited engine displacement to less than 1,500 cubic centimeters, dry weight is not more than 1,800 pounds, and has a bucket or bench seat. Under current law, ATVs that meet the exemptions under Code Section 321.234A may be driven at 35 M.P.H. or less. A person operating an ATV must have a valid driver's license. Existing penalties under Code Section 321.234A will apply.

CODE: Amends an exemption from the restriction on all-terrain vehicles operated on highways under Code Section 321.234A.

DETAIL: Provides that the exemption for operation of these vehicles on the highway during the day, if incidental to the vehicle's use for agricultural purposes, includes stopping to get fuel for the vehicle or food or nonalcoholic drink for the operator.

CODE: Adds an exemption from the restriction on all-terrain vehicles operated on highways under Code Section 321.234A.

DETAIL: Provides that ATVs operated on a county roadway or city roadway, in accordance with Code Section 321I.10, will be exempt from the restriction of ATVs on highways. Under Code Section 321.234A, the ATVs must meet specified conditions in order to meet exemptions and be allowed on the highway. Existing penalties under Code Section 321.234A will apply.
